Encl. Eight sheets (budget + plan)

OFFICE OF THE ROCKEFELLER FOUNDATION
SANITARY ENGINEER IN MYSORE,

Bangalore, dated, 15th May 1930.

From

Sans 31-29-16

J. J. Mieldazis, Esq., B.Sc., C.E.,
Rockefeller Foundation
Sanitary Engineer in Mysore,
Bangalore.

To

N. Madhava Rao, Esq., B.A., B.L.,
Chief Secretary
to the Government of Mysore,
Bangalore.

Sir,

I have the honour to submit herewith proposed budgets for the Bureau of Sanitary Engineering for the period July 1, 1929 to June 30, 1933. As you will note, I have included in this budget a sum for the purchase of a motor lorry to be used in carrying out the duties of this Bureau. I feel that the lack of such transportation facilities will greatly hamper the works of this Bureau which will be carried on in the outlying districts. As the expenditures for the first year of this period will be rather light, I feel that this sum can be included in the budget for the first year.

With reference to Government Order No. G. 7367-81/Sany. 31-29-9 dated 18th December 1929 authorising a Bureau of Sanitary Engineering in the Department of Health and approving a provisional budget for the Bureau of Sanitary Engineering for the second half of the current official year, I wish to be advised as to whether final sanction of this budget has been authorised, in order to satisfy the requirements of the Comptroller in

entertaining the personnel included in the budget.

As the final purchases of permanent equipment have not been completed, I wish to have a special order authorising the purchase of equipment given in the enclosed list.

I have the honour to be,
Sir,
Your most obedient servant,

J. J. Mieldazis,
Rockefeller Foundation Sanitary Engineer.

JJM:RB.

SANITARY ENGINEERING BUDGET.

"GRACE VILLE" PALACE ROAD,

*Bangalore, (S. India) dated....*27th June*.....193* 0

Dear Mr. Madhava Rao,

In inviting kind reference to G.O. No. 14767-9/Sany.31-29-32 dated 26th June 1930, sanctioning the purchase of permanent equipment as per list appended thereto, I write to state that as the Government Order is received late in the year, I am unable to get all the equipment within the end of this month. It will be about the middle of July 1930 when the articles are received by which time, next official year will have far advanced and the sanctioned grant will lapse. Hence I request you to kindly intimate to me whether I can draw the sanctioned money on Abstract Contingent Bill and deposit it in the treasury under suspense item or whether the Comptroller can set apart the money under suspense account in the treasury, so that the cost of the equipment may be met from this year's grant alone. If either of the above arrangements is not possible, I request the grant may be carried on to the next year's budget 1930-31.

I have so far purchased one typewriting machine for Rs 318/8/- and I don't think there will be necessaity at present for the calculating machine for which a provision of Rs 700/- is made in the Government Order. The cost of Theodolites telescope is estimated to be Rs 750/-, but as per catalogue price it comes to Rs ~~1150/-~~ 900/-. Hence the cost has to be increased to Rs ~~1150/-~~ 900/- as against Rs 750/- as provided now. This extra money Rs ~~400/-~~ 150/- may be made over from the provision made for the calculating machine.

With this latter alteration, the sanctioned grant as per Government Order referred to above may kindly be either set apart separately in the treasury under suspense account or be carried over to next year's budget.

Yours sincerely,

J. J. Mieldazis

Dear Sir,

With reference to your D.O. letter No. 621 dated the 27th June 1930 about the purchase of certain equipment required for the Bureau of the Sanitary Engineering. I am desired to state that it would not be in order to draw an abstract contingent bill or otherwise any amount in excess of what is required for immediate payment.

2. The bills for the articles mentioned by you, may be forwarded for sanction, as soon as they are received.

Yours sincerely,

(Draft)

J.J. Mieldazis, Esquire, B.Sc., C.E.,
Sanitary Engineer in Mysore, Bangalore.

"GRACE VILLE" PALACE ROAD,

*Bangalore, (S. India) dated....*9th....July.....*1930*

Dear Mr. Madhava Rao,

In continuation of my letter No. 621 dated 27th June 1930 stating among other things that the cost of Theodolite/ telescope is about Rs 900/- and that the cost mentioned by me as Rs 700/- at first is not correct as per catalogue price, I write to state that a theodolite telescope has since been bought from the Laboratory Supplies Company, Bangalore on order at a cost of Rs 850/- on the 30th June 1930. Since the cost exceeds the sanctioned cost on this account by Rs 150/-, the Comptroller has taken objection to pass the bill for Rs 850/-.

I request you therefore to kindly change the cost of the telescope from Rs 700/- to Rs 850/- as per revised price and to authorise the Comptroller to pass the bill at an early date. The excess of Rs 150/- may be met from the provision of Rs 18,000/- made under 'other charges' for the Bureau of Sanitary Engineering in the budget for 1930-31.

Yours sincerely

J. J. Mieldazis
